Addictive Behaviors SIG Newsletter

Fall 2014

Hello All,

Just a quick mini-newsletter to update you all on how things are progressing for the Addictive Behaviors SIG meeting at the ABCT convention next month.

The Addictive Behaviors **SIG meeting** will take place on **Friday, November 21st, from 2:15-3:45 in Rooms 309 and 310 of the Marriott Conference Hotel.** Please note that the meeting/coffee break will be 1 $\frac{1}{2}$ hours per our recent custom (not the 1 hr indicated in the ABCT Program).

We are very excited this year to be adding a **Student Poster Session** to our SIG meeting. This poster session will take place concurrent to the coffee break in the first $\frac{1}{2}$ hour of the meeting. This will give SIG members a chance to get together and re-connect, and to see some great student research. A brochure listing the student posters to be presented is included with this attachment.

After the coffee break/poster session, we will begin the official business portion of the meeting. For this meeting, we have a very full agenda which includes but isn't limited to announcing the new student representatives, welcoming our incoming SIG Leader, Dr. Bruce Liese, and presenting the SIG Awards.

And the award winners are...

- Early Career Achievement Award: **Andrew Littlefield, Ph.D.**
- Alan Marlatt Mid-Career Award: **Brian Borsari, Ph.D.**
- Outstanding Student Poster Award: **Anthony Ecker**

Don't forget the SIG Expo Poster Session/Cocktail Party!

This will take place on Friday evening, Nov. 21st, from 6:30-8:30 in Grand Ballroom A. Our SIG has been strongly represented at the last few conferences and we want to be this year in Philadelphia as well.

And a few other announcements:

We recently posted the list of SIG members who will be recruiting graduate students this year (Thank you again to Jeremiah Weinstock for pulling this together!). For those of you who are working with undergraduate or post-baccalaureate RAs, please check this out and pass the word along.

If you haven't yet paid your dues, please take a few minutes to do so. Checks can be made out and sent to Jen Read at: Dept. of Psychology, University at Buffalo, SUNY, Buffalo, NY 14260.

That's it for now. See you all in Philadelphia!
